# SPRINT 1 Retrospective

During sprint 1 retrospective, some ideas have been discussed and at the end they have been written down as the following:

**What we should start doing**:

- Pay more attention to the SWOT Analysis in order to make sure that every team member is assigned to the right task;

**What we should keep doing**:

- Organize working sessions outside of university sometimes;
- Ask for help every time it is needed;

**What we should stop doing**:

- Be too cozy, because it may decrease the productivity.
